Image - informations:

The race will be filmed and photographed and there exists a possibility your image may be used. Publishing the participants' image is used for promoting physical activity and convincing others to also participate in such events. Photographs and recordings are done in a spontaneous manner by hired people that can't choose specific people to capture. Their goal is to present the most interesting moments of the race regardless of which participant is visible.

The publication of participants' image is based on the permission of the filmed or photographed person. Such permission is specified in art. 81 act 1 sent. 1 of the copyright law and neighbouring rights. The permission to publish one's image is a declaration of will as it is understood in art. 60 of the civil code. Declaration of will – the permission to publish one's image cannot be freely withdrawn after the conclusion of an event. According to art. 61 § 1 sent. 2 of the civil code states that a permission can be withdrawn if it has been delivered at the time of signing this document or earlier. Processing of personal data (your image) according to GDPR has to take place during your registration in the sports event, as it is stated in art. 6 act 1 let. f) GDPR: processing of personal data is lawful when it is necessary for the legal interests of the administration or other persons. The organiser has a justified interest in popularising sport, including the filming and photographing of sports events.
